

GP 71

December 24, 2002

U.S. Army Corps of Engineers, Rock Island District
P.O. Box 2004
Clock Tower Building
Rock Island, IL 61204-2004

Attention: Planning, Programs, and Project Management Division

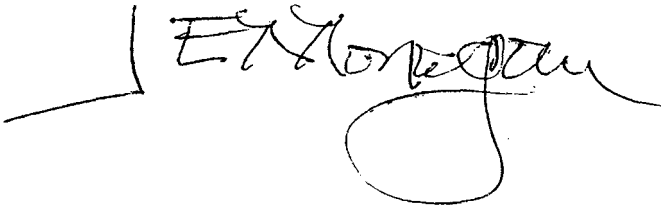

Regarding the proposal to lease the former Camp Daybreak site on Coralville Lake for **intensive** recreational use.

I am appalled but not surprised that the Corps supports the most intrusive of the alternative uses for this lovely natural area.

16-3 [The letter from the Johnson County Planning & Zoning Department dated July 25th clearly establishes that
29-7 the proposed use does not fit the site and the surrounding land uses. The questions raised by Lynne Kinney
in her letter of July 11 remain unanswered and **unanswerable**.]

But as usual, the alternative favored by the Corps **is** the one involving the most concrete and the most engineering.

Jim Monagan
7470 Commune Court NE
Cedar Rapids, IA 52411-8016

A handwritten signature in black ink, appearing to read "Jim Monagan", with a large, stylized loop at the end.
